International Accreditation of Neuroanaesthesia Fellowships: Trials, Tribulations, Triumphs

Session

Session Introduction

Past, Present and Future of Worldwide Neuroanaesthesia Fellowship Accreditation

ICPNT Accreditation: The UCL UK & Beijing Tiantan Experiences

ICPNT Accreditation: The UCL UK & Beijing Tiantan Experiences

Live Q&A

Practice Update: Advances and Challenges in the Management of Traumatic Brain Injury

Session

Session Introduction

Considerations for Anaesthetic Management of Surgery for Traumatic Brain Injury

Update on Neurointensive Care for Traumatic Brain Injury

Considerations for Pediatric TBI

Live Q&A

Enhanced Recovery after Complex Spine Surgery

Session

Session Introduction

ERAS Bundles for Spine Surgery: What Is the Evidence?

Regional Anesthesia for Spine Surgery

Blood Conservation in Major Spine Surgery

Live Q&A

Neuroscience

*This is a preliminary programme and is subject to change.

Depth of Anesthesia Monitoring: Much Ado About Nothing or Critical Intervention?

Session

Session Introduction

Monitoring Depth of Anaesthesia and Consciousness

Depth of Anaesthesia Monitoring and Perioperative Outcomes

EEG Signatures and Postoperative Cognitive Disorders

Live Q&A

ASNACC Panel

Session

Session Introduction

Intra-Operative Pain Management for Neurosurgery- Analgesic Strategies for Enhanced Recovery

Pain Management after Spine Surgery

Pain Management after Craniotomy

Live Q&A

Perioperative Cerebral Perfusion and Stroke

Session

Session Introduction

Perioperative Neuromonitoring for Cerebral Perfusion

Clinical Monitoring for Perioperative Stroke

Covert Perioperative Stroke

Live Q&A

Neuroscience

*This is a preliminary programme and is subject to change.

How I Do It?

Session

Session Introduction

Posterior Fossa Tumour Resection

Endovascular Thrombectomy

Epilepsy Surgery

Live Q&A

PBLD

PBLD

Session Introduction

Anaesthetic Management for Intracranial Aneurysm Clipping

Approach to Flow Arrest for Intracranial Aneurysm Clipping

Hemodynamic Management of Patients with SAH

Live Q&A

Simulation Workshop: Perioperative Neurological Emergencies

Workshop

Scenario 1: Intraoperative Aneurysm Rupture

Scenario 2: Seizure on Emergence from Anaesthesia

Scenario 3: Neck Hematoma after Carotid Endarterectomy
